Ms. Judith Doraey
Mr. Gregg H. Crystall

February 13, 1985

As you know from your meeting with Avtex on January 30, 1985, Avtex is currently engaged in voluntary action under the guidance of the Virginia State Water Control Board and Geraghty & Miller, Inc., consulting groundwater geologists and hydrologists, at the Front Royal site. To date, this action has involved collection and evaluation of data to fully characterize the extent of the problem, identification of alternative remedial actions and implementation of remedial actions. All activities involved in correcting the problem at the site shall continue.

Please be advised that in accordance with our discussion on January 30, 1985, Avtex will submit to the EPA a scope of work document indicating work to be done in preparing the RI/FS, within sixty (60) days of January 30, 1985.

Sincerely yours,

Miriam Matrangola

Miriam G. Matrangola
Corporate Counsel
